

SPINNING BABIES®
2022 VIRTUAL WORLD
CONFLUENCE

Changing Birth

IN TIMES OF A

Changing Earth

PARENT • 1-Day Conference
OCT 15, 2022

CAN'T ATTEND LIVE?

No problem! All sessions will be recorded and available to view on the platform from October 14, 2022, through March 16, 2023. **All times are CST, and the schedule is subject to change.*

What Can You Expect?

In our modern, complex, constantly changing world, women are navigating pregnancy with elevated levels of stress and fatigue. Pregnancy and birth bodywork are essential to help them navigate this new reality.

The Spinning Babies® 5th annual conference gives parents a real-world perspective on the physiology of resilience: *the body and mind thriving in times of extreme change*.

With an emphasis on physiology and practicality, the 2022 Conference will dive deep into engaging and in-depth presentations that will ring with relevancy.

Who's This Conference For?

For the first time ever we are inviting our entire community, Professionals and Parents, to interact together during a weekend of enrichment. Learn from international speakers and our Approved Trainers who will provide the informed application of our Spinning Babies® concepts that help women prepare for birth. Gain the benefits of pregnancy preparation and body activities that have midwives and nurses saying their birth methods have transformed after 20 years of practice.

DAY 2

Saturday, October 15, 2022 (Begins at 9:00 CST, ends 6:00 pm CST)

WHAT ARE OTHERS SAYING ABOUT THE CONFLUENCE?

“

*This was amazing!!! Thank you so much!
I have been practicing Spinning Babies® in labor for 5 years
but this gives me so much more understanding!*

”

*Such beautifully presented information.
Thoughtful, honest, artistic, grounded, heartfelt knowledge...
Thank you*

“

*Thank you to all involved in bringing together
the top birth workers of the world to share their skills,
time and knowledge!
The organization and ease of navigation
of this year's conference is phenomenal!
You really nailed it*
